Christopher leverages his nearly 20 years of audit and accounting experience to provide clients with sound business advice and verify sound accounting practices are being adopted.

Leading audit, review, compilation and internal control assessment engagements for a diverse portfolio of clients across multiple industries, Christopher has a proven track record of delivering precise financial assessments, identifying opportunities for improvement and mitigating risks. His professional experience extends to mergers and acquisitions, where his intricate understanding of the process allows him to provide strategic guidance and financial due diligence insights in both buy- and sell-side transactions.

Christopher's client-centered approach to his engagements is what drives his success. Partnering with him allows businesses and their owners to holistically evaluate their financial and operational performance, while seizing opportunities to reach financial goals.
