With more than 30 years in public accounting, including nearly 10 years with a Big 4 firm, Elissa works closely with her clients to deliver assurance and advisory services, with a specialization in educational institutions, nonprofit organizations and employee benefit plans.

Elissa is heavily relied on by her clients to ensure they understand and meet the evolving and complex regulatory requirements they often face. Her professional background includes financial statement audits performed in accordance with the auditing standards of the American Institute of CPAs, Public Company Accounting Oversight Board, Government Auditing Standards and Uniform Guidance. Elissa also serves as a member of Doeren Mayhew's nationwide Quality Control Group to ensure audit and assurance engagements conducted by our firm meet the required auditing standards to further ensure our clients are protected.

Elissa's profound industry expertise empowers organizations to make well-informed decisions and confidently attain their financial and operational objectives. What sets her apart is her ability to foster personal connections with clients, further strengthening her commitment to helping them achieve their business goals.

My passion is building long-term relationships with my clients and fostering trust, which creates opportunities to help them meet their strategic goals and initiatives.
